News Release

For Immediate Release: April 12, 2018

Water services restored to all customers located on Keapana Road, Makamaka Road and Hauaala Road in Kapaa

KAPAA – The Department of Water (DOW) has restored water services to customers located on Makamaka Road, Keapana Road and Hauaala Road in Kapaa at approximately 12 a.m. on April 12, 2018. The emergency repairs on the 6-inch water mainline in the Kapaa water system have been completed.

After the water main is turned back on, air and or existing sediment may be mixed into the water causing it to appear white or discolored at the tap. This is normal, and if it occurs, customers are advised to flush water out through an outside hose bib until the water is clear.

DOW thanks Kapaa residents and visitors for their patience and cooperation during these emergency repairs.
